PORTNEUF RIVER FLOOD CONTROL PROJECT

Routine Inspection Checklist

Inspection By: Dale Clark

Inspection Date: January 2010

Overall Project Rating: ☒ Acceptable ☐ Minimally Acceptable (Maintenance is required) ☐ Unacceptable

General Observations and Comments:

On these dates; January 4th, 5th, 6th, 7th, 11th, 13th, 15th, 19th, & 20th of 2010, the Vegetation Control Department helped with the Portneuf River maintenance by spraying Garlon 4E on every stump that was cut by the Street Department crews.

Further treatment will be done in the spring and as weather permits.
